Air Transport Association of America 2268
Civil Airlines:
Capability of 2270, 2286
D-day airlift requirements, capability to meet 2272, 2298
Domestic use of 2294
Military Air Transport Service:
Augmentation of, reports on 2275
Cost, comparison of 2276, 2286
Curtailment and expanded use of civil airlines 2291
Percentage of business of 2279, 2287
Purchasing or leasing of aircraft of 2293
Overseas operations 2299
Unutilized capacity of 2287
Volume of Defense Department traffic, decrease in 2270
Civil Reserve Air Fleet, D-day readiness of 2273, 2296
Membership of 2300
Military Air Transport Service:
Activities, recommended limitation on 2278
Air cargo lift, percentage of 2284
Civil airlines:
Cost, comparison of 2276, 2286
Expanded use and curtailment of MATS 2291
Percentage of business handled by 2279, 2287
Purchasing or leasing of aircraft by 2293
D-day requirements of 2290
Domestic activities of 2294
Industrial fund operation 2277, 2283
Obsolete aircraft 2301
Overseas operations 2299
Specifications on contracts with industry 2302
Training flights, necessity for 2297

Contingencies 1894

E

Emergency fund 1898

F

Fallout from nuclear explosions 1532
Accumulated dose March 1 shot 1541
Body resistance to radiation, development of 1583
Complexities of 1544
Delayed effects 1547, 1548
Dose rate decay 1538
External radiation from beta emitters 1548
Height of cloud versus yield 1535
Independent scientists, analysis by 1572
Internal, sources of radiation 1549
Ionizing radiation, effects of 1545
Natural background radiation 1543
Other dangerous radiation 1555
Physical aspects of 1534
Protection in shelters 1542

Fallout from nuclear explosions—Continued — Page
- Resistance to, development of — 1583
- Roentgens doses — 1547
- Schematic of a stabilized cloud — 1538
- Schematic of different burst conditions — 1535
- Strontium 40 in man — 1552, 1558
- Test dangers — 1553, 1556, 1570
- Worldwide fallout — 1542

Fiscal aspect of defense program, 1958 — 1904
- Aircraft — 1918
- Appropriations versus contract authority — 2008, 2012
- Budget estimates:
  - Firmness of — 1995
  - New process for — 1978
- Claims, settlement of potential — 2017
- Comptroller, authority of — 1980
- Contingencies, funding procedures for — 1997, 2013, 2349
- Deutschemark support — 1926, 1933, 2014, 2026
- Efficiency and elimination of waste, program for — 2044
- Establishmentwide activities — 1925
- Funds available for transfer — 2041
- General policy guidelines to improve operations — 2034
- Installations, reduction in — 2030
- Later transmission, proposed for — 1925, 2007
- Major procurement and production — 1918, 1919
- Mandatory increases — 1982
- Military assistance program:
  - Equipment, restrictions on use of — 2003
  - Reimbursements from — 1905
  - Relation to — 2002
  - Apportionments — 1934, 1992
  - Unobligated balances — 1936, 1984, 2005
- Military personnel:
  - Average cost per military man — 1983
  - Costs — 1914
  - Support type activities — 1930, 1933
- Military public works — 1920
- Missiles — 1919
  - Ballistic program, desire for reduction in — 2029
  - Jupiter-Thor controversey — 2028
- National economy, effect of defense spending on — 2047
- NATO:
  - Equipment, restrictions on use of — 2004
- Obligations and expenditures:
  - Expenditures — 1926
  - Unobligated balances — 1907
- Operation and maintenance — 1914, 1919
- Other major procurement — 1919
- Personnel:
  - Wage scales — 1916
  - Washington area — 1974, 2022
- Procurement pricing policy — 2021
- Reductions, possibility of — 1932, 2032
- Research and development — 1920
- Reserve components — 1920
- Russia, accuracy of intelligence on — 2040, 2044
- Ships and harbor craft — 1918
- Spares:
  - Aircraft and spare parts — 1913
  - Funding of — 2006, 2010
  - Quantity of — 1912
- Stock funds — 1975, 2018
  - Wherry Act housing, transfer of capital for purchase of — 2018
  - Withdrawal of money from — 1976, 2349
- Summary of budget, 1958 — 1937
- V-loan program — 1998

Military Air Transport Service	1586
Aircraft requirements, determination of	1731, 1777
Aircraft utilization, controls on	1734
Air transport routes	1645, 1669
Army, airlift availability to	1695, 1697, 1735, 1777
Cargo and mail carried by	1721
Cargo and passengers, assignment to air transport organization	1638
Carrying capacity of	1635
Civil air carriers:	
Accelerated amortization program	1739
Aircraft traffic increase along MATS routes	1672
Airlift, contracting for	1640
Augmentation of MATS	1701, 1755
Cargo and mail carried	1721
Cargo and passengers, assignment to	1638
Composition of	1737
Contracts with	1745, 1747
Costs, operational, comparison of	1666, 1706, 1723
Domestic and overseas, distinction in treatment between	1652
Expenditures for transportation by military departments	1717
Growth of	1649
Leasing of aircraft to	1641, 1768
Participation in MATS traffic, increase in	1662
Peacetime traffic, division with	1658
Savings and benefits from expanded use of	1751
Training programs, cooperation in	1748
Unutilized space, availability of	1708, 1711
Cost accounting and reimbursement bases	1643
Costs, MATS and commercial air carriers, 1956	1666, 1706
Costs, overall, 1955–56	1723
CRAF:	
Contract requirements of	1737
D-day availability	1661, 1696, 1773
Personnel requirements for	1729
Readiness of	1696
Reserve personnel, manning with	1741
D-day requirements and capabilities	1661, 1682, 1724, 1773, 1777
Dependents, movement of	1674, 1689
Duplication of services and routes	1733
Fleet logistic air wing	1676
Frequency of flights	1656
General statement	1633
Global air routes	1720
Growth of	1649
Hours of use by type and model of aircraft assigned, 1958	1637
Hungarian airlift	1693, 1748
Industrial fund operation	1650, 1704, 1727
Inventory of aircraft	1668, 1678, 1710, 1752
Mail, cost of moving	1663
MASS project	1736
Mission of	1634, 1699, 1719
MSTS, comparison with	1758
National airport facilities, utilization of	1756
Number of aircraft assigned for	1651
Other elements of the Department, use of transport aircraft by	1641, 1677
Passengers and cargo, volume of	1654
Personnel movements after travel funds are exhausted	1659
Personnel strength	1722
Priority movements, determination of	1743
Reenlistment rate	1776
